

## The Well Announcements - Week of 8/5/13

### First Impression

August 11th is our first service in the new building. We are asking everyone to enter the building that morning on the East side (Condit St. entrance). Please be very aware that we may have many new visitors and we need make everyone feel welcomed. If we do end up needing additional seating, please help us out by possibly giving up your seats to visitors. We will try to have overflow seats set up in the common area. We have a great opportunity show others God's love that morning, and that we truly are a relational church, that does love their neighbors.

### Some Work Yet to Be Complete

We still have a few small jobs to be done before our first service in the building. We have some detailed trim painting (experience needed), cleaning, and some other general small jobs to do. If you are able to serve at any time during the week, please contact Marvin at [marvin@thewellathuntington.org](mailto:marvin@thewellathuntington.org), and we will make the necessary connections to get you plugged in. We have something for anyone willing to serve!

### Building Use

As we prepare to move into the building, we are excited at the opportunities that it provides. With new opportunities, come new responsibilities. In order for effective ministry to happen in the building we have to be sure to be careful in our planning so that the use of the building does not become a hindrance for ministry. We want to continue to be a relational church, and be considerate and kind to all those that come through the doors. Our goal is to have this building fully in use for building His kingdom. To do this effectively, we are going to have a master calendar in place so ministry leaders can sign up to use certain areas of the building at any given time. Please be patient with us as we make this transition. More details on building use and scheduling to come.

To schedule an activity in the building simply contact Marvin McNew at [marvin@thewellathuntington.org](mailto:marvin@thewellathuntington.org) or (260) 358-9303 ext. 203.

### Coffee Still Available

We are still planning on having coffee and rolls available on Sunday mornings. We do ask that you are careful. If spills do happen, please clean them up quickly in order to keep the building looking new.
